

## **Apex UT '24 Composite**

**Family Tagline:** *Held To The Highest Standard*

**Product One-Liner:** *Pure Power with Complete Control*

### **Product Intro**

The best players in the world hold themselves and their equipment to the highest standard. And it's the meticulous attention to detail that separates the elite from average. We've worked relentlessly with the best players in the world to revolutionize every detail of the new Apex Pro Series to enhance their game...and yours.

The new Apex UT'24 iron is designed to provide better players a powerful, yet versatile option off the tee when precision is paramount. The 455 forged face cup is engineered to provide exceptional distance while a revolutionary multi-material forged construction paired with our patented urethane microspheres delivers unmatched feel.

### **Features & Benefits**

#### **Advanced Forged Performance and Powerful Precision**

The Forged 455 face cup provides exceptional distance, making the Apex UT'24 iron an incredibly powerful and workable option off the tee.

#### **Dynamic Sole Design for Enhanced Turf Interaction**

The new Apex UT '24 irons feature a Dynamic Sole Design with a pre-worn leading edge to cut through the turf more efficiently and trailing edge relief to ensure a clean exit. The result is an iron sole that maintains speed through the turf and promotes consistent contact on all shots. The new Apex Utility iron is a more compact shape than its predecessor with a slightly shallower face to promote a higher launch.

#### **Endless Combo Set Possibilities**

The Apex UT '24 irons are the perfect complement to the other Pro Series models. Whether you're looking for a driving iron or a long iron replacement, the Apex UT' 24 irons are designed to seamlessly blend with the other Pro Series models to meet a player's specific needs. All Pro Series irons feature the same MIM back weight to give fitters more control to dial in swing weight.
